

Dave Bassett

Dave Bassett is recognised throughout the world of football as being one of life's great motivators!

Renowned for his ability to create great footballing sides from the starkest of budgets, Dave has never failed to inspire success.

Dave has become known as one of the most charismatic figures in football despite a relatively undistinguished career as a player. Dave was one of the youngest ever managerial appointments when he took charge of Wimbledon F.C. in 1981. He has the unprecedented achievement of leading a football club from the 4th Division to the top flight in only 5 years.

After a brief spell with Watford, he left his roots in London to manage Sheffield United. In under five years at the club, Dave inspired 2 successive promotions from the 3rd Division to the Premiership & an F.A. Cup semi-final appearance at Wembley.

He resigned in 1995 as the most successful post-war Manager in Sheffield United's history to take charge of his boyhood favourite team, Crystal Palace. Dave transformed Crystal Palace overnight into one of the favourites for promotion to the Premiership.

The communication skills which have been the hallmark of Dave's success are now heavily in demand by companies from a diversity of backgrounds. Dave is one of the most sought after motivational speakers in the country & has a string of TV, radio & media commitments to his credit.
